## Support for Families of Children with Disabilities Open Call for Artists

Support for Families seeks to commission at least 3 culturally reflective art works from artists who identify as BIPOC, Latina/o, and/or Chinese for our new office. We are seeking works that center themes of resilience, disability/ability, family, hope, and diversity. Our initial vision is large murals on canvas (24" x 36" or larger); however, submissions for any medium and any size are welcome. We prefer to commission new works, but will consider existing works as well. (We do prefer to avoid exceptionally fragile pieces as we often have children in our offices.)

Support for Families provides free help for families of children with disabilities and complex medical needs across San Francisco. Services are provided in English, Spanish, and Cantonese as well as other languages. Many of our staff are parents of children with disabilities and our offices are also a drop-in Family Resource Center for families.

FEE: We intend to select 3 artists and we are offering a fee of \$1200 per artist.

### SUBMISSION GUIDELINES:
